ask legislature for a direct appropriation to support your office, so that you could carry out the work required by law?"

"I'd rather ask the devil for a transfer to heaven," promptly replied the witness.

Toward the close of Dalrymple's testimony Mr. Brewster asked the witness regarding his experience as mine superintendent.

"I was superintendent of a mine of the western slope," was the reply. "I quit when the company ordered me to fire some men who had been blacklisted by other companies. They were the best men I had, and I couldn't get the coal up without them, so I resigned."

"Were they what are known as miners?"

"Yes."

At the close of Dalrymple's testimony, shortly after 4 o'clock, the committee took luncheon recess until 2 o'clock.

AUTO TRADE GOOD SAYS HAYNES DISTRIBUTOR

Walter Weinman Finds Steadily Increasing Demand for Up-to-the-Second Car of Luxury in New Mexico.

"Business in Haynes cars is fine," said Walter Weinman, president of the Haynes Motor Sales company, handling the Albuquerque and New Mexico business today. Mr. Weinman reports a record breaking number of sales of this beautiful car, the name of perfection in mechanism and luxury in appointments.

The refinements which are making the Haynes famous seem to appeal strongly to motorists in this section and the demand for the car is increasing with most gratifying rapidity," said Mr. Weinman.

The new Haynes cars on display at the automobile show consist of two sixes and one four cylinder.

The Vulcan electric gear shift is standard equipment on all models, the Haynes company being among the first of the older manufacturers to adopt this improvement, which operates in connection with the electric starting and lighting system, makes the Haynes electrically controlled throughout.

Other refinements on the Haynes cars are: precision gasoline feed with tank, equipped with gasoline gauge, suspended by rear of chassis, and air gauge on cowl board; automatic air pressure pump driven from car shaft, and auxiliary hand pump on cowl board; motor-driven tire pump; ample storage space under both seats for tools, pump, jack, etc.; leather box is under front seats, leaving running boards clear; leather kicking pads on lower half of rear off road seat, and one-piece metal cowl construction.

AUTOMOBILE SHOW ON TONIGHT IN THE ARMORY

Everything Ready for Grand Opening of First Motor Display in Albuquerque With Fine Prospects for Large Attendance.

MOTORISTS URGED TO REMEMBER PHOTOGRAPH

Albuquerque's first automobile show will open tonight in the national guard armory promptly at 8 o'clock, with every prospect of a successful four days' program. The season ticket sellers who have been busily engaged since Saturday morning have made a particularly successful campaign and the number of tickets sold will go far to aid in the financial success of the show. All day Sunday and until late this afternoon dealers and those in charge of the various booths were busy in the armory and the result is the transformation of the armory floor space into a very attractive show room. The flower and pennant booths are especially attractive and are certain to do a rushing business.

Remember Photograph Tomorrow.

Every owner of an automobile is urged to remember the big automobile photograph to be made by W. R. Walton in front of the armory tomorrow afternoon at 2 o'clock. Chief Klein and the motor fire wagons will be on hand, every motor truck in the city will be called out and every owner of a car is urged to get into the picture, which will have wide circulation throughout the country.

Ferguson, the milliner, is showing the new spring models in correct headwear for women. 109 South Fourth St.

EVERYBODY'S AUTO IN THE PICTURE TOMORROW

Photograph in Front of Armory Will Be Biggest Automobile Group Ever Taken in the Southwest.

STREET COMMISSIONER FIXING THE SCENERY

From present indications every automobile in Albuquerque that can get up pressure enough to make the trip will be in the big automobile panorama to be taken tomorrow afternoon at 2 o'clock in front of the Armory by Photographer W. R. Walton.

This has taken hold, following Mayor Sellers' proclamation in the Herald Saturday and every owner of a car who has been seen has promised to be there to help swell the total of Albuquerque's motor showing and increase the size of the picture.

Mayor Sellers and the managers of the automobile show have been unable to see every one, because of the short time, and because they have been occupied with the details of preparation for the show, but it is urged that every owner of a car bring it to the armory at 2 o'clock or see to it that the car is there. If this is done, it will make the biggest automobile group ever taken in the southwest and will prove a splendid advertising card for Albuquerque since the picture will have wide publicity from motor publications in connection with the first automobile show to be held in New Mexico.

Mayor Sellers has ordered out the motor fire equipment, and all owners of motor trucks have agreed to have their machines in the group. This morning Street Commissioner Martin Tierney and a force of men went to work to thoroughly clean up the streets all around the armory, and everything of an unsightly nature will have been removed before the picture is taken. After the photograph, which will require but a few minutes, all those who can do so will be asked to line up and parade down Silver Avenue to First street, on First to Central, thence west on Central where a picture of the line will be taken.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acids of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salt is inexpensive; can not injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Practically the entire New Jersey delegation in congress attended the service.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

The Best Cough Medicine. "I have used Chamberlain's Cough Remedy over since I have been keeping house," says L. C. Hamer, of Marybury, Ala. "I consider it one of the best remedies I ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For sale by all druggists.

Advance display of Spring Millinery at Ferguson's, 109 South Fourth street.

COMMISSIONERS OF SANTA FE COUNTY TO BE TRIED

District Attorney Read Presents Formal Charges of Grave Irregularities in Conduct of County Business.

[Special Dispatch to Evening Herald] Santa Fe, N. M., Feb. 9.—District Attorney Alexander Head has formally presented charges to District Judge E. C. Abbott against all three members of the board of county commissioners for Santa Fe county, charging grave irregularities in their conduct of county business. The presentment, which is based upon the recent sensational report of Traveling Auditor Howell Earnest, alleges illegal transfer of funds, failure to publish proceedings of the commissioners, adding of assessment rolls, illegal tax levies and other offenses.

The trial of the commissioners has not been set by Judge Abbott and probably will not be for several days, it being expected that the case will come up during the approaching session of county court. The charges against the county board are not unexpected, the district attorney's office having been considering the presentation of an information for sometime. It is said that the presentment against the commissioners may be followed by informations against other county officials. Should the commissioners be found guilty, the law requires that they be suspended from office pending appeal and that their successors be appointed by the governor.

SEVEN YEAR OLD LAD CHECKED THROUGH FROM DEMING

Little Everett Couland Journeys Alone to Visit Grandmother in Florence, Kansas.

With a shipping tag attached to his coat, bearing his name and destination, and the name and address of the consigner, his father, G. W. Couland, an employee of the Southern Pacific railroad at Deming, little Everett Couland, seven years old, arrived in Albuquerque this morning on his way to Florence, Kan., whether he is going to make his home with his grandmother. Station Master E. Sinclair took charge of the lad on his arrival and saw that he had breakfast, and later installed him in the chaircar of the No. 19 train on which he will complete his journey. Everett was a trifle shy on first acquaintance but rapidly made friends with the station master and confided considerable of the details of his family history. Everett now has a stepmother, and informed the officer that he would now prefer to live with his grandmother.

"I don't know my grandfather's name," said Everett to a reporter, "but my grandmother's name is Mary Ann Parker, and she's all right."

NO CONNECTION IN TRAIN WRECKING GANG

Santa Fe Officials Satisfied That Men Who Made Attempt on Lamy Branch Are Not the Gallup Wreckers.

Chief Tim O'Leary of the Santa Fe secret service returned yesterday morning from Gallup, where he made a careful investigation into the wrecking of the No. 19 train last week. Mr. O'Leary, who has been working on the attempted wrecking of a train on the Lamy branch a few days before the Gallup wreck, thought the two might be connected, but returned satisfied that there is no connection between the two attempts.

Up to last night no further trace of the Gallup wreckers had been found. Deputy Sheriff Dan Pipkin of Gallup, who was in the city last night and who has had considerable experience in criminal work, is firmly convinced that the Gallup job was done by foreigners employed in one of the several mines around Gallup, and that their identity may not be discovered for some time. A close watch is being kept on all miners leaving the district and the officer believes that eventually the men who wrecked the train will be caught through their own carelessness. He is satisfied that the men who did the job are still in or near Gallup.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headache disappear. By morning thy catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasal discharges and a feeling of cleanness, soothing relief comes immediately.

Try Ely's Cream Balm. Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headache disappear. By morning thy catarrh, cold-in-head or catarrhal sore throat will surely disappear.

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-Up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Bull Headache.

Try Ely's Cream Balm. Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headache disappear. By morning thy catarrh, cold-in-head or catarrhal sore throat will be gone.

Put your faith—just one—of "Ely's Cream Balm" and your cold or catarrh will surely disappear.
